SWIMATHON

Here at Marlfields, we see making the children aware of the dangers of water a high priority. So, earlier on in the year, the Marvellous Marlfields' Marlins represented us in the Rotary Club Congleton, Annual Swimathon.

All 27 of the children who took part gained sponsorship from family and friends to raise funds for the Rotary Club's chosen charity and for our own charity, which this year was the RNLI. The children managed to raise £736 for the RNLI to go towards the cost of clothing an RNLI crew member (the full cost of clothing a crew member is £1600). Marlfields has been associated with the RNLI for around eight years. We passionately believe that all children should be able to swim more than the recommended 25m which is suggested in the National Curriculum so much that we encourage our children to take part in the Rooky Lifeguard courses on offer which a great many take part in, and successfully complete!

YEAR 2 ENTERPRISE WEE

Football Fundraising Week

As we are all enjoying the Euros, Year 2 will be hosting a 'Football' themed enterprise week.

The Year 2 children will be completing a sponsored Penalty Shoot Out.

During breaks there will be football themed challenges with prizes up for grabs!

As always there will be a cake sale during morning breaks and after school on Tuesday it's time for icecream!

Bring in your pocket money and join us for some 'Fantastic Football Fun'

WEATHER

As the weather seems to be getting warmer, please don't forget to apply a long-lasting sunscreen to your child each day. Please do not send in sunscreen for your child to apply themselves, as many of our children have allergies and other sunscreens could affect them. We also suggest a sun-hat of some sort also be sent in.

However, with English weather being what it is we can't take for granted that there won't be any bad weather, so please also send in a light waterproof jacket in with your child – just in case.

WATER SAFETY

“Drowning Prevention Week” which is this week is the biggest campaign of The Royal Life-Saving Society and this year took place **15th – 22nd June** and is aimed at educating children from the age of 5 about water safety. No child should drown, and with the right water safety education such as the Water Safety Code – accidental drownings are preventable. Children need to have a healthy relationship with water and need to know how easily things can go wrong and they need to understand the water code –

- The water may look calm on the surface, but there can be strong undercurrents that could pull even a strong swimmer under the water.
- Even when the weather feels very hot, the water may feel warm on the surface, but just a few feet below the surface it can be icy cold - affecting the stamina and strength of even strong swimmers.
- If you are with someone who gets into difficulty, call emergency services for help. If you can, use an object to try and reach for them, but don't put yourself in danger by entering the water.

SPORTS DAY IN KS1

Yesterday KS1 had a fantastic sports day. The sun was shining, and the children all worked really hard at each station. We all had a fun filled active day!

HAPPY CHILDREN

Here we have two happy, smiley Year 1 children, Anya and Uche. Anya is proudly showing us her Swimming Certificate and Uche is showing us his Phonics Certificate. Well done both of you, keep up the good work.

LEGO EVENT

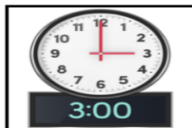

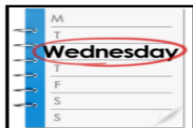

Yesterday Key Stage 2 collaborated in designing and making models of the Olympics 2024. They built stadiums, hotels, athletic tracks, swimming pools and many more. A huge thank you to Stephen for coming in and helping us with our amazing creations.

Community Connect

**Congleton High Street
CW12 1BF**

10:30am - 3pm

Wednesday 26th June

Come and find out about local charities who support and improve the lives of young people and adults with a learning disability or autism, their parents and carers.
